

We want make sure you have all the help you need to be home and well and your local Citizens Advice worker is simply a click away.

We can help by:

- Ensuring patients are on the best deal for their energy and water bills
- Signing patients up for utility Priority Services Registers to ensure they get additional support, particularly during water/electricity outages
- Providing energy efficiency advice
- Improving mental health and reducing stress
- Helping with any financial, employment and housing concerns patients may have
- Signposting to other appropriate services according to need
